SCHEDULE B2

INTERCLUB COMPETITIONS

O&MDSA is divided into three (3) Divisions, with each Division running their own individual PENNANT program. The format of the program is controlled through the Vice President and a committee from each Division.

Each Division conducts a Club point score at each meet based on results of each event at that meet.

CENTRAL DIVISION

Lodgment Of Entries:

All entries must be entered electronically via Swimming Australia Limited's entry portal. As updated from time to time.

Entries are to be submitted no later than 8.00 pm Friday night the weekend of the pennant.

How To Enter Electronic Entries:

1. Swimming Australia Limited has produced tutorials detailing how entries are to be made via their entry portal system – Swim Central.

These tutorials are updated periodically and can be found here:

<https://vic.swimming.org.au/get-swimming-0/swim-central-support-and-resources>

All Age Events.

Events are conducted over 50m, 100m 200m and 400m in designated strokes at various meets. Clubs are discouraged from entering swimmers in events that they are clearly unable to complete satisfactorily. The Referee may direct that points be deducted where the Referee considers a swimmer incompetent in an event longer than 50m.

Swimmers may swim a maximum of 4 individual events of their choice. These may be any combination of strokes and distances. For example you may swim 50m free, 100m free, 200m free and 400m free at one Pennant Meet and receive points for each swim.

A mixed All Age Tolerance (ie NO Disqualifications) Event for 50metres Breaststroke and 50 metres Butterfly may be added in Pennant Meet Programs. If swimmers choose to enter these events they are restricted to these events for these strokes (ie they cannot swim the other 50 metre, 100 metre or 200 metre Events for these strokes). If swimmers enter either 50metre Butterfly or 50metre Breaststroke Tolerance Events they cannot enter the All Age Individual Medley (200 or 400 metres).

Relays:

One team per club may compete in a relay event. Swimmers of the correct age must be used where available.

Each club will be allocated a lane in a relay event based on the number of swimmers entered per age group, i.e. if fewer than four (4) swimmers are entered in a 10 and Under individual event than no relay will be allocated for that age group.

Alternatively should a club wish to nominate for a relay event and the swimmers are known, they can enter the team electronically via Swim Central. For details of how to enter a relay electronically, please follow this link:-

http://www.oandmdistrictswimming.org.au/documents/2020/How_To_Enter_A_Relay%2018%20August.pdf

If a club has insufficient swimmers of the correct age, the club is permitted to enter younger swimmers in an older age group.

This does not preclude any swimmer so used from swimming in another age group for which they are

eligible.

A swimmer may not swim up in age in events shown as "& Over" e.g "15 years & over".

Unisex relays should comprise swimmers of both genders where the club has the swimmers available. Clubs are permitted to use any combination in these events.

Vacant lanes during the relays may be filled by additional teams at the discretion of the referee in charge. Points will not be allocated for these teams.

Identification Of Swimmers:

Wearing of club caps is encouraged to assist officials with identification of swimmers.

Points Information For Central Division

PENNANT POINTS will be allocated as follows:

Ovens and Murray District Swimming Association

Child Safe Policy

Written By: *Anthony Foley*
Approved By: *Ovens and Murray District Swimming Association – Management Committee*
Endorsed By: *Meeting February 2018*
Date for Review: *February 2020*

Purpose

This policy was written to demonstrate the strong commitment of the management, staff and volunteers of the *Ovens and Murray District Swimming Association* (**the Club**) to child safety and to provide an outline of the policies and practices the Club has developed to keep everyone safe from any harm, including abuse.

Commitment to Child Safety

All children who are a part of the Club have a right to feel and be safe. The welfare of the children in our care will always be our first priority and the Club has a zero tolerance to child abuse. The Club aims to create a child safe and child friendly environment where children feel safe and have fun and the Club's activities are always carried out in the best interests of the children.

Application of this Policy

This policy was adopted by the Club as an operational template for the introduction of Child Safe Policies.

This policy applies to all individuals involved in our organisation (paid and volunteer) including, but not limited to:

- Administrators
- Coaches
- Officials
- Participants
- Parents
- Spectators

All of the people to which this policy applies have a role and responsibility in relation to child protection. They must all:

- understand the indicators and risks of child abuse;
- appropriately act on any concerns raised by children; and
- understand and follow all applicable laws in relation to the protection of children and reporting or management of child safety concerns

Child Abuse

Child abuse can take a broad range of forms including physical abuse, sexual abuse, emotional or psychological abuse and neglect. People to whom this policy applies need to be aware that child abuse can occur whenever there is actual or potential harm to a child, and these are circumstances that the Club is committed to reducing the risk of occurrence.

Children's Rights to Safety and Participation

The Club encourages children to express their views about their safety. We listen to their suggestions, especially on matters that directly affect them. We actively encourage all children who use our services to 'have a say' about things that are important to them.

We teach children about what they can do if they feel unsafe. We listen to and act on any concerns children, or their parents, raise with us.

Valuing Diversity

We value diversity and do not tolerate any discriminatory practices. To achieve this we:

- promote the cultural safety, participation and empowerment of Aboriginal children and their families;
- promote the cultural safety, participation and empowerment of children from culturally and/or linguistically diverse backgrounds and their families;
- welcome children with a disability and their families and act to promote their participation; and
- seek appropriate staff from diverse cultural backgrounds

Recruiting staff and volunteers

The Club takes the following steps to ensure best practice standards in the recruitment and screening of staff and volunteers:

- Interview and conduct referee checks on all staff and volunteers
- Require police checks and Working with Children Checks for relevant positions.
- Our commitment to Child Safety and our screening requirements are included in all advertisements and as part of the induction process for new staff or volunteers.

Supporting staff and volunteers

The Club seeks to attract and retain the best staff and volunteers. We provide support and supervision so people feel valued, respected and fairly treated. We have developed a Code of Conduct to provide guidance to our staff and volunteers, all of whom receive training on the requirements of the Code.

Reporting a child safety concern or complaint

The Club has appointed **Member Protection Officer** as Child Safety Persons with the specific responsibility for responding to any complaints made by staff, volunteers, parents or children. That person can be contacted by phone as detailed on the O&MDSA Website. Our complaints process is outlined in ***The Swimming Australia Safe Sport Framework***.

Risk Management

We recognise the importance of a risk management approach to minimising the potential for child abuse or harm to occur and use this to inform our policy, procedures and activity planning. In addition to general occupational health and safety risks, we proactively manage risks of abuse to our children. To reduce the risk of child abuse occurring, adults to whom this policy applies should avoid direct, unsupervised contact with children. For example, this should be a consideration when:

- using change room facilities;
- using accommodation or overnight stays;
- travel; or
- physical contact when coaching or managing children

Reviewing this policy

This policy will be reviewed every two years and we undertake to seek views, comments and suggestions from children, parents, carers, staff and volunteers involved in the Club.

- Exchange personal contact details such as phone number, social networking site or email addresses with children
- Have unauthorised contact with children and young people online or by phone.

By observing these standards you acknowledge your responsibility to immediately report any breach of this code to O&MDSA Member Protection Officer or committee member which ever you feel comfortable.

This Code of Conduct will be reviewed by O&MDSA annually.
I have read this Code of Conduct and agree to abide by it at all times.

Working with Children Check Policy

What you can do to help keep our children safe

- Make sure paid and volunteer workers engaged in child-related work* hold or have applied for a *Working with Children Check* card **
- Take reasonable steps to ensure you do not allow anyone charged with, found guilty or convicted of a serious sexual, physical or drug-related offence to do child-related work unless they can show you their *Working with Children Check* card
- View receipts and cards of all new workers before you engage them in child-related work
- Regularly check the validity of the cards of all workers (and volunteers) to make sure no-one has been given a 'Negative Notice' or had their card revoked or suspended.
- Remind cardholders that they must inform the *Working with Children Check* Unit of any new work details and changes to personal and contact details within 21 days **
- Keep a register of all workers (and volunteers) with a *Working with Children Check* and record expiry dates, card numbers and card type (volunteer or employee)
- Ensure paid workers have an Employee card as it is an offence to use a Volunteer card for paid child-related work**
- Ensure cardholders renew their *Working with Children Check* card by the card's expiry date if they wish to continue in child-related work

- Develop processes to deal with a worker (or volunteer) who is given a Negative Notice. Make sure they do not do any child-related work, even if they are directly supervised or exempt.

Help keep children safe from physical and sexual harm. Meet your obligations under the *Working with Children Act 2005* by taking these steps and using best practice to manage your people.

a. Cyber Bullying

Cyber bullying is a form of bullying, which takes place online through email, chat rooms, web pages and other online forums. Cyber bullying can occur 24/7 and children can be targeted while at home which makes it invasive and hard to escape. Cyber bullying can involve distressing and harmful material for children as users aren't always aware of the consequences, which makes them behave in more extreme ways. Under certain circumstances, cyber bullying is a criminal offence that can be reported to the police.

There are several things that you can do as a parent if your child is subject to cyber bullying.

- Discuss the incident and assure your child you are able to help them.
- Encourage your child to disengage from the online forum where the bullying is occurring.
- Report the incident to your child's swimming club committee immediately.
- Educate your child about cyber safety.
- Work with your child to implement strategies to reduce the risk of online harassment or bullying.
- Remember that all members of Swimming Australia are bound by the Child Welfare Policy and that the law is on your side.

ThinkUKnow is an internet safety program endorsed by the Australian Federal Police. You may wish to visit [ThinkUKnow.org.au](https://www.thinkuknow.org.au) for more information.

b. Electronic Communication Etiquette

We live in an electronic communication world, where information is collected and posted/distributed almost immediately. Social media provides an accessible platform for sporting clubs, athletes and coaches to access to promote our sport and recognise achievements. Here are some guidelines to ensure electronic communication and social media use can provide a positive experience and add value for club members.

Website

- Your club's website is there to keep you up to date on current information on club/member accomplishments, competitions, social events, committees, policies, constitution, rules and by-laws.
- No offensive content or photos should be published.
- Photos of children should only be published with the express permission of his or her parent/guardian. Take care not to provide identifying information.

SMS and email use

SMS and email can be effective ways to provide information about competition, training, club-sanctioned social events and other club business. The following guidelines should be applied:

- SMS messages should be short and about club/team matters
- email communication should be used when more information is required
- communication involving children should be directed through their parents
- inappropriate images or content should not be accepted or forwarded
- Postings (written, photos or videos) should be family-friendly and feature positive club news and events. Always be aware that content posted may potentially be shared with strangers.
- No personal information about members should be disclosed.
- No statements should be made that are misleading, hurtful, false or likely to injure a person's reputation.
- No statements should be made that might bring your club into disrepute.
- Abusive, discriminatory, intimidating or offensive statements are not tolerated.
- Before posting photos or videos of another child or team mate, please be sure that you gain permission from the other child's/team mates' parent/guardian prior to uploading or posting.
- Always be aware that social media is a legal method of communication which is bound by laws and rules like any other written communication

Electronic communication:

- Should be restricted to club matters
- Must not offend, intimidate, humiliate or bully another person
- Must not be misleading, false or injure the reputation of another person
- Should respect and maintain the privacy of members
- Must not bring the club into disrepute.

c. Photo Etiquette

We understand that you want to capture memories of your child participating in the sport they love and we welcome you to do so. Please keep in mind there is some basic etiquette you should adhere to.

- **Location** – Often access to pool deck during meets is off limits to parents. Make sure you are in a location you are permitted to be in (e.g. the stands) before taking photos.

- **Official photographer** – At Swimming NSW’s and Swimming Australia’s meets there will normally be an official photographer*. Do your best to ensure your photo efforts do not interfere with those of the meet’s official photographer.
- **Privacy** – It’s sometimes very hard to capture only your own swimmer in photos, especially during action shots. Whenever possible please do everything you can to only photograph your child unless you have specific permission to photograph other children from their parent/guardian.
- **Appropriateness** – Cameras do not belong in bathrooms, change rooms, showers, or anywhere else swimmers may be changing.
- **Image use** – If you have captured other swimmers in a photo, be aware that you should not publicly distribute or post the image unless you have the express permission of the parent/guardian of these swimmers.
- **Social media/internet** – Following on from the above, always obtain permission to post pictures of other swimmers on your club’s social media page(s) or website. Check your club’s social media guidelines as well before posting any photos to ensure you are adhering to them. Be aware that photos and videos may be shared with strangers.

d. Social Media Etiquette

Social media use

- Postings (written, photos or videos) should be family-friendly and feature positive club news and events. Always be aware that content posted may potentially be shared with strangers.
- No personal information about members should be disclosed.
- No statements should be made that are misleading, hurtful, false or likely to injure a person’s reputation.
- No statements should be made that might bring your club into disrepute.
- Abusive, discriminatory, intimidating or offensive statements are not tolerated.
- Before posting photos or videos of another child or teammate, please be sure that you gain permission from the other child’s/team mates’ parent/guardian prior to uploading or posting.
- Always be aware that social media is a legal method of communication which is bound by laws and rules like any other written communication.

e. Spectator/Parent Behaviour Etiquette

Our sport is committed to providing a safe environment for participation. Aggressive, threatening or other inappropriate behaviour by members, their families, their friends, and other sporting personnel will not be tolerated.
